They perform adjustments and field shop maintenance on SCUBA and underwater accessories. They know the laws of diving and are able to recognize all types of decompression sickness and diving accidents.

3. **Suitability for Assignment**

a. **Accession Prerequisites.** The distinct purpose and nature of duties involved in the SCUBA Diver Program require strict adherence to eligibility criteria, procedures, and policy for training and assignment within the program.

b. **Professional Performance.** While the highest standards of personal conduct, reliability, and judgment are required of all members of the naval service, it is especially important that members assigned to duty involving the performance and supervision of SCUBA diving operations display unquestioned personal conduct, reliability, judgment, and observance of military regulations.

4. **NEC/AQD Requirements.** Awarding of NEC 5345 and AQD SD7 requires successful completion of SCUBA Diver Course CIN A-433-0023 and can only be awarded when completed in its entirety. Approval to attend training will be based on the needs of the Navy that the member is being assigned to a billet requiring SCUBA qualification and determined by Bureau of Naval Personnel (BUPERS), Medical/Dental Branch (BUPERS-325C) via Office of the Chief of Naval Operations (OPNAV) Submarine Forces Diving Officer (N43311).

a. Except where specified "**no waiver**"; BUPERS, Navy Diver (ND) Enlisted Community Manager, (BUPERS-324F) may waive one or more entry requirements if the applicant is considered otherwise qualified.

b. Due to the cost of permanent change of station orders, historical high attrition training rates, and to prevent undue delay in training, commands and personnel submitting a request for training shall strictly adhere to the policy and requirements specified in this article. The following are entry requirements for SCUBA Diver Course CIN A-433-0023

(1) **Active Duty.** Must be serving on Active Duty.

(2) **Motivation.** Strong motivation, interest in SCUBA diving, and willingness to work diligently in the academic and operational training phases are required.

(4) **Rank.** Open to officers, enlisted (E-4 and above), and qualified officer candidates (midshipmen, Navy Reserve Officer Training Corps candidates, etc.).

(5) **Armed Services Vocational Aptitude Battery (ASVAB).** Meet ASVAB requirement per current ASVAB NAVADMIN.

(6) **Medical Requirements.** Meet medical standards as specified in reference (a). Request for waiver of physical standards for personnel who do not meet minimum standards must be submitted, per reference (a), and through the Service member's CO, via Bureau of Medicine and Surgery (BUMED), Director for Undersea and Special Operations (BUMED- M3B3), to BUPERS (BUPERS-324F).

(7) **Hyperbaric Pressure Test.** The hyperbaric pressure test is administered per reference (b). It may be waived if a hyperbaric chamber facility is not accessible due to geographic isolation.

(8) **Obligated Service (OBLISERV).** For enlisted candidates, the OBLISERV requirement for SCUBA diver training is 18 months from class graduation date, or until completion of previous OBLISERV (whichever is greater), unless released earlier by the Chief of Naval Personnel. Officers incur no OBLISERV. CO shall ensure applicants understand OBLISERV to train options specified per MILPERSMAN 1306-106. **No waivers.**

(9) **Performance Standards.** Evaluation trait marks 3.0 or above in last 3 evaluation reports.

(10) **Misconduct.** The applicant may not have a nonjudicial punishment, court-martial, or serious civil court conviction during the previous 24 months prior to the application.

12. **Involuntary NEC Removal**

a. COs or OICs may recommend revocation of NEC 5345 by submitting a NAVPERS 1221/6 through their administrative chain of command to BUPERS (BUPERS-324F). This revocation shall not be used as a punitive measure, but based on the CO's or OIC's determination that the member is no longer suitable for assignment to NEC 5345 duties and responsibilities. The NAVPERS 1221/6 must substantiate that determination by providing sufficient background and reasonable justification for removal of member's NEC. Recommendations to revoke NEC shall include one or more of the following statements:

"The member is considered suitable for assignment to rate or rating billets not requiring NEC 5345."

"The member is considered unsuitable for reassignment and will be recommended for administrative discharge by separate action."

"The member may reapply for reinstatement of NEC 5345 after completing at least 2 years assigned to a non-NEC billet."

(4) **Alcohol Abuse.** Personnel identified as having abused alcohol will be locally suspended by their CO from duty pending the outcome of screening, disciplinary action, or rehabilitation procedures as outlined in reference (h). At any time, during or upon completion of those proceedings, CO has the following options:

(a) If a counseling or rehabilitation program appears likely to succeed, the member will remain assigned to the command in a non-diving status and will have a program developed per reference (h). Commands will submit a NAVPERS 1221/6 to BUPERS (BUPERS-324F) to affect suspension of NEC 5345. Upon successful completion of the rehabilitation program, the CO may request reinstatement of NEC 5345.

(b) If member commits alcohol abuse or is determined to be a rehabilitation treatment failure, per reference (e), the CO may initiate separation procedures per reference (f) for officers or NAVPERS 15560D Navy Military Personnel Manual (MILPERSMAN) for enlisted members. Commands will submit a NAVPERS 1221/6 to BUPERS (BUPERS-324F) to revoke NEC 5345.

(c) Personnel who voluntarily refer themselves for treatment in the absence (of either) credible evidence an alcohol-related incident per reference (e), or substandard service and are found in need of treatment, will not have their NEC removed, but placed in a non-NEC status pending outcome of required treatment. Commands will submit a NAVPERS 1221/6 to BUPERS (BUPERS-324F) to affect suspension of NEC 5345. Upon successful completion of the rehabilitation program, the CO may request reinstatement of NEC 5345.

(5) **Drug Abuse.** Members identified as having abused drugs, as defined in reference (e), are not eligible for diving duty or future reinstatement. Members will be processed for administrative separation as specified in MILPERSMAN 1910-146 or

1910-142. Commands will submit NAVPERS 1221/6 to BUPERS (BUPERS-324F) to revoke NEC 5345.

ADVISORY: Removal of NEC 5345 shall not be used as a substitute for required disciplinary and or administrative action. Particular consideration shall be exercised to ensure that NEC removal is not used to transfer members to other duty when they do not clearly meet the established standards for continued naval service.

13. **Reinstatement.** Personnel who previously held NEC 5345 and had their NEC removed by administrative action may request reinstatement by submitting a request via their present CO. If approved, CO will submit NAVPERS 1221/6 to BUPERS (BUPERS-324F) to concurrently affect reinstatement of NEC.

14. **Revocation or Reinstatement of AQD SD7**

a. Officers may request removal of AQD SD7 by sending a letter to NAVPERSCOM (PERS-416) via their CO.

b. Revocation of diving officer designations shall be considered only by an appointed board convened by the appropriate CO or group commander in the officer's chain of command. The board shall comprise of a minimum of two officers appointed by the CO to evaluate the operational ability, motivation, and reliability of the officer in his or her performance of duty. The board's recommendation shall be forwarded via COMSUBPAC or COMSUBLANT to NAVPERSCOM (PERS-416) for final determination.

c. Officers may request reinstatement of former diving designations by sending a letter to NAVPERSCOM (PERS-416) via their CO.

15. **Insignia.** Members who have their NEC or AQD removed, either voluntarily or involuntarily, will **not** be authorized to wear applicable distinguishing insignia.

16. **Periodic Requalification.** Periodic requalification of NEC 5345 or AQD SD7 personnel is necessary to maintain individual proficiency and unit capability. Personal safety during hazardous operations is directly related to proficiency. COs are directed to afford every opportunity for maintaining individual qualification without lapse.

a. **Specific NEC or AQD Requalification.** For policy on specific NEC or AQD requalification, refer to MILPERSMAN 1220-260. Documentation of diving operations is described in reference (b).
